New Citizens Party

By order of President Roosevelt the National New Citizens party will meet in various sections of the United States on Thursday, June 1. This is not a political organization but is a program of the Federal government to be more neighborly with the country's newly acquired citizens under the immigration and naturalization laws. Instead of just giving citizenship papers to accepted foreigners and then forgetting about them, the government holds these parties where the new citizens can meet in the pleasure of fellowship and be renewed in the spirit in which the nation was founded. Government and civic leaders will join these new citizens in their entertainment. The party in this section will be held in the Federal Court room at the Asheville Post Office next Thursday evening and among those invited are Mr. and Mrs. E. G. Vollmer of Tryon, former citizens of Germany, who received their final papers last November.
