Building In Valley

Shannon Merriwether, the archi-
tect, who with John Moore and
Ralph Williams, recently bought
a 20 acre tract of land on Conner
Hill from Miss Minerva Conner,
is building an attractive house on
the property. Mr. and Mrs.
Merriwether and daughter, Miss
Jane, are now occupying the Dud-
ley-Smith home. They expect to
move in their new house about
September 1st.

Avant Sells Stoker

Avant Electric Co., announces
in today's Bulletin the appoint-
ment as dealer of the new Delco-
General Motors Automatic Stoker.

Sells 60 Dresses

The Ballenger-Jackson Co., ad-
vertised in Saturday's Bulletin re-
ducing ladies' dresses to half
price. The response from the pub-
lic was so great that 60 dresses
were sold. The advertisement
is being run again today.

Saluda Baby Hospital Needs Are Cited

Women members of the board of
directors were asked to assist in
beautifying the grounds. The need
for added facilities to properly
carry on the work was cited.

Dr. Pendleton presided at a
meeting which was held on the
hospital lawn.

Among the facilities most needed
at the hospital is a new home for
nurses. He explained that a
small cottage being used at pres-
ent is inadequate. In the event
that such a home is secured the
present cottage would be converted
into a convalescent ward for
babies.

Dr. Lesesne Smith, hospital phy-
sician, described some of the cases
that have been treated at the hos-
pital and described the training
course for doctors in pediatrics
held each summer.

He explained that 100 physicians
have already registered for the
training course which opens the
latter part of July.

Physicians from as far away as
the state of California have at-
tended the course at the hospital.
Because of the widespread interest
in the course, the government
sends a doctor each year to attend
the classes.

Mrs. Sam Burts, a member of
the board, cited the need of a
clinic for "follow-up" work for the
babies after they are dismissed
from the hospital. Such a clinic,
she explained, would be used as
a dispensary for milk for the un-
derprivileged children after they
return to their homes.

The clinic is needed in order
