

## Roosevelt To Dedicate Park In October

Washington, July 31. — After consulting with members of the White House staff, Representative Weaver (D., N. C.), said today that President Roosevelt would go to Asheville early in October and drive to Newfound gap for the dedication of the Great Smoky Mountains National park.

The Western North Carolina congressman said that since the president could not dedicate the park early in the summer as originally planned he thought it wise to have the ceremony in the fall. He pointed out that the park would then have on its "autumn dress" and the blending of the rich colors of the turning leaves with the evergreens would be beautiful to behold.—Asheville Citizen.
