Polk Man Suffers Severe Knife Wounds

BRANNON ARRESTED IN AFFRAY INVESTIGATION

Troy Brannon, employee of the Adams-Millis company was arrested early this morning by Sheriff Hines in connection with a cutting affray that late yesterday afternoon, put Osier Arledge, 19, of near Landrum, also an Adams-Mills employee, in St. Luke's hospital with severe knife wounds about the face.

Arledge was brought to the hospital by Brannon, who disclaimed any knowledge of the affair when questioned by hospital attaches. One of the gashes penetrated Arledge's left eye, and it is feared that he may lose the sight in this member. Sheriff Hines stated at noon today (Thursday) that both Brannon and Arledge refused to give details of the affair, and that Brannon is being held pending further investigation.

Lake Water Tested

Lake Lanier water is tested by the government from time to time in order to assure the public of its safety in swimming. No better water for swimming purposes has been found. E. A. Emmerman, Jr., manager of Lake Lanier, has just received the latest test from the South Carolina State Hygiene laboratory at Columbia which shows that the water is free from any staptococcus.
