They will roll up a snowball or do something to make the mountain higher than Mt. Massive in Colorado which was reported the other day to be 14,418 feet high or ten feet taller than Mt. Rainer." . . . . Two U. S. fliers are crossing the Atlantic from Nova Scotia to Ireland in an old plane, same type of Lindbergh's. . . . "Berlin fearing crisis near in Danzig fuss." . . . ## Transylvania County Home Closing Makes Eight Discontinued

Transylvania county commissioners followed the lead of seven other county governing bodies in closing their county home the first of August. W. C. Ezell, director of the division of institutions and corrections of the State Board of Charities and Public Welfare, said in announcing this week receipt of formal notice of the commissioners' action.

Mitchell, Chowan, Hyde, Cherokee, Greene, Swain and Yancey counties previously had discontinued their county homes under the new program whereby the inmates were given public assistance grants and helped to find new homes of their own choice elsewhere in the district.

Grants up to a maximum of \$30 a month and based on the need of the individual concerned are awarded by the county welfare boards to the former county home inmates and are paid from combined county, state and federal funds under provision of the social security act.
