Ramsey Pleases Large Audience Here

D. Hiden Ramsey, general manager of the Asheville-Citizen Times addressed a packed house at the regular meeting of the Lanier club on Thursday afternoon at the library. He briefly outlined the development of the American newspaper, their mass production and distribution made possible through association cooperation, and the change from personal organs to mediums of public service which do not seek to control or sway public opinion but to trouble the conscience of the people with true facts as far as humanly possible in order that they may make their own decisions. The average newspaper, he said, is better than the men who run it because they know from experience that in the long run honesty and purity pays; and that contaminated news does not.

The meeting was presided over by Miss Helen Roberts, the president. The program was in charge of Mrs. Samuel A. Bingham. The hostesses were Mrs. T. D. Jervy and Mrs. E. Pue-Williams. Following the meeting the guests repaired to the Holden Reading room where tea was served by Mrs. Harkness Smith and Miss Roberts.
