TRYON, N. C., TUESDAY, NOV. 7, 1939

Football Friday

Last Home Game of Season

The Tryon-Saluda gridders will play their last home game of the season on Friday, November 10th, when Valley Springs high comes to Harmon Field. The strength of the visitors is unknown with the only indication being the game which was played with Swannanoa. Both Tryon and Valley Springs were defeated by approximately the same score. This points to an even contest which the locals are expecting to turn in their direction. The Tryon-Saluda team will be in first class condition due to a rest over the weekend and will be ready to end the home season with a victory. A new type of offense which is more open and tricky will be used against the visitors and should be more interesting to the spectators.

A drive is being staged by the athletic association to have the largest crowd of the season on hand and everything is being done to end up the year with a victory. As a special inducement ladies will be admitted for ten cents. Cars can be parked entirely around the playing field for the benefit of those who do not wish to get out. The game starts at three-thirty and will be over by four forty-five. Everyone is urged to support the team and attend this final game.

Who'll Get the \$50?

Twelve Tryon, Saluda and Columbus ladies won attractive prizes at the Cooking School on Monday afternoon at the school auditorium. On Wednesday afternoon the last session will be held at

Mayor's Proclamation

With Europe at war, the American Red Cross is confronted with tremendously increased responsibilities, and this year it is redoubling its appeal to the American people for support in the battle against human suffering.

During the past year we have been drawn closer to the Red Cross through its far-flung disaster relief, its aid to the innocent non-combatants of war, as well as through its daily services designed to stamp out misery in the form of disease and the ever-present threat of accidental death.

Those of us who have seen the Red Cross grow in recent years and realize the great demand the European situation places on it, can understand the need for a great membership increase. The natural phenomena of disaster and the dangers of a mechanized age continue to be the source of suffering and accidental death. We must recognize that the ability of this great organization to serve is directly proportionate to the membership support of the public.

This year's appeal of the Red Cross for your support will be made November 11-30. Our community has never failed to respond to the Red Cross call for assistance; and for this reason, I feel confident that we shall be proud to enroll our share of the million more members.

As Mayor of Tryon, I designate this period as the time all members will have an opportunity to renew their affiliation and to afford those who have not enrolled an opportunity to help the Red Cross help others.—E. E. Missildine, Mayor.
