

TRIPS TO TAKE

Nothing is so inspiring as to get out and see someone actually doing things that you have wanted to do.

Good farmers will enjoy a visit to the farm of Guy Davenport and see some early sown crimson clover. This was sown in bottom corn when it was laid by, and before the rain ceased. While there you will want to see some fine Polan China hogs he has had on a self feeder. He can also show you some fine registered Jersey cattle.

It will just do you good to talk to a man like this. You will be interested in hearing him tell about saving lespedeza seed and soybeans with his new combine.

Look for another trip to take next week.

FOR SALE: '31 Ford A Model Victoria Sedan. Mechanically perfect. A real bargain for this car. \$150 cash. If interested call 322-J. R. J. Seitz.—Adv. 7, 8 pd.
