Tryon High Defeats Landrum 29 to 18

Tryon high boys racked up another win by downing a scrappy Landrum high team in a basketball game played last night at the Landrum gym. The game was played on even terms during the first half with Tryon always ringing the basket to keep a few points ahead when necessary.

In the second half the locals put on more steam and ran up an eleven point lead. Melton and Vining tied for high scoring with nine points apiece for Tryon while D. Daniels got seven for Landrum. Tryon tossed in nine out of eleven foul shots.

Summary of game:

Construction At Lynn Bridge In Progress

The State Highway Department is now engaged with the addition of a pedestrian's walk at the Lynn bridge. The structure will be constructed of steel. The recommendation of the Commission some time ago for the safety of pedestrians crossing the main bridge has met with a hearty approval of the people. The main bridge was so situated that the lives of those passing was endangered. It has not been stated how long it will take to complete the addition.

The Board of Directors of the Tryon Parent-Teacher Association will meet this evening at 8 o'clock with Mrs. Frank McFarland.
