## 80 People Stopped From Picking Flowers Here

Justice of the Peace Giles W. Pearson reports that within the past two weeks officers have made 21 cases and stopped 80 people from picking wild flowers near the public roads in the Tryon-Saluda section. This road and via Pearson's Falls is listed on some maps for its scenic beauty. Justice Pearson points out that much of the floral beauty of the section has already been taken away in cars by passing motorists and unless citizens and property owners cooperate they will strip the country. Mr. Pearson states that the people of Melrose section want visitors and want them to enjoy the natural beauty of the place but they also want them to leave that beauty as it is so when they come again or send others, it will still be beautiful.

## Mauney Twins Give Music Program

The Mauney twins, accomplished pianists of Kings Mountain yesterday at the Woman's Club gave a delightful music program. They appeared before the Junior Music Study Club. The two youthful musicians will study this summer at Julliard Conservatory of Music, New York City.—Charlotte Observer.

The Mauney twins appeared on a number of Tryon programs at Rotary and Cora Lipscomb's piano recitals. They also attended the Boy Scout camp at Lake Lanier and became Eagle Scouts.
