

FRIGIDAIRE RANGES *and* REFRIGERATORS AVANT ELECTRIC Company

Association for War Relief

It has been brought to the attention of the committee that some people are hesitant in cooperating with the plan to can surplus foods for Allied War Relief, due to their fears that the distribution of the food to the needy ones will present insuperable difficulties. The committee is aware of such difficulties due to changing conditions, and is maintaining close touch with authorities qualified to advise on the matter.

When the time comes, the committee will distribute the canned foods only thru such channels as will guarantee delivery to those for whom it is intended.

In seeking your cooperation, the committee assures you of its untiring efforts to accomplish the desired results and it welcomes suggestions on any phase of the enterprise.
