## Pouring Concrete On New Road

The paving of the new stretch of highway between the railroad crossing in Tryon and the South Carolina state line began on Monday and about the length of a city block was completed the first day. There is only approximately a mile of the road but it will eliminate a rough section in one of the finest roads in the country. The highway is always busy but during the weekends when people are traveling to the mountains and to the seas there is almost a continuous stream of cars loaded with vacationists. The highway departments of the Carolinas have been doing great work these past few years. The good roads they have been building will give some service to all the people for many years to come. The entrance to Tryon proper will always have extra danger hazzard until the Oak Hall bank is cut away to allow better view of the railroad trains.

## RELIGIOUS MEETINGS

Rev. Gurley Davis and Rev. Thurman Green of Greenville, S. C., are conducting religious services beginning tonight at the Lynn school building. Services begin at 7:45 each night. Public invited.

## To Dedicate Memorial Stadium Tonight

The Kistler Memorial stadium recently completed at the Piedmont Boy Scout Camp will be dedicated tonight at 8 o'clock. The public is invited to attend the ceremonies.

## DONATES MONEY TO WORTHY CAUSES

It is said one should not hide his light under a bushel but nothing was said about getting under the bushel and sticking the light out to be seen. So that's what a good Yankee friend is doing for the people of this section. He likes us and wants to have a part in our activities, but living away from here he can't take a personal part. However, from time to time he sends some money to help along the various projects such as the Christmas cheer fund, hospital, etc.

This week he sent \$50 to C. J. Lynch to be used for some worthy cause. That was a problem, for it is hard to dispose of \$50 in a way that will do the most good without feeling that one would like to give something to some other worthy cause. After consulting several friends Mr. Lynch decided to use the money to get a wheel chair for the use of invalids in this section. The Tryon Kiwanis Club already has three wheel chairs for this purpose donated by Mrs. John Brittan Clark, Miss Patricia Pensinger and the Lightner family, but they are not enough to supply the demand and they are being loaned to people who cannot afford to buy a chair. That is another problem for the committee in deciding who is able to buy one. There should be enough chairs on hand so that anyone temporarily crippled could get one for a week or month or longer.

Now that a new chair is to be secured those desiring to use it should put in their application at once to Mr. Lynch so that they may be taken care of as soon as a chair is available.
