Funeral services for the Rev. John M. Walker, 70, retired Baptist minister who died Sunday night at his home in Boiling Springs, N. C., were conducted at 11 o'clock on Tuesday at the Boiling Springs Baptist church by the Rev. J. L. Jenkins.

Mr. Walker was well known in Polk County. His wife is a native of this county and a sister of Frank Jackson of Mill Spring.

Shocking Mother Nature

Shocking plants to juggle their chromosome arrangement is the very latest "stunt" in plant magic. One that opens a brand-new vista, not only for the plant breeder, but for gardeners as well. It not only enables the plant builder to cross distantly related specimens, but it also increases the percentage of mutations, or sports, a thousandfold. Every good flower in your garden has been bred from a sport that occurred somewhere . . . In my father's time a "break" as the plant breeder usually calls a sport, was supposed to occur once in every 900,000 plants. But now, by artificial stimulants, we can turn them out once in every 900 plants.—David Burpee, in the Rotarian Magazine.

Soumerco Blanks Bushwhackers

Soumerco, playing airtight ball behind the three-hit pitching of Swaffer, shut the champion Bushwhackers out on Tuesday by a score of 4 to 0. This was the first loss for the Bushwhackers in several games, and the first shut-out ever suffered by a team under Manager Nessmith. Only one Bushwhacker reached second base during the game, while the Soumerco boys were collecting 8 timely blows, good for 4 runs, off the delivery of Pitcher Honeman.

A record crowd witnessed this game, and every one agreed that the game was one of the best of the season.

The High School will play Adams-Millis today at 6:15 and Soumerco will be after Landrum in two games Thursday beginning the first game at 5 p. m. Don't miss these games.

ROTARY MEETS FRIDAY
