13 Injured When Truck Leaves Road

Five men remained in St. Luke's hospital here this morning suffering from injuries received about 4:30 Monday afternoon when a truck loaded with approximately 25 orchard workers went over an embankment on the recently completed section of Highway No. 176 south of Tryon. None of those who remained in the hospital were thought to be seriously injured. Several other passengers on the truck were given treatment and dismissed.

According to investigating officers, the truck enroute from the peach section near Gramling to Hendersonville where most of the workers lived, drove onto the soft shoulders along the new road to avoid hitting an approaching auto, and continued on over the embankment as the driver was unable to control the machine in the newly placed dirt on the shoulders.
