the beautiful scenery at Greensboro, Vt., has gone to Waterbury, Conn., for a visit before returning to Tryon Dr Harry Goodell of Memphis, Tenn., who originally received a gift subscription from his friend, C. M. Howes, has renewed the subscription, himself. Dr. Goodell was one of the pioneer settlers of this community and is interested in coming back to Tryon. . . . Next to a letter from home is regular visits of the Tryon Daily Bulletin, bearing news of many friends and acquaintances. Parents and friends can give nothing that would be appreciated more than a subscription to the Bulletin for the boy or girl off at college and in the army, navy and marines. For the school student \$1 will send the Bulletin every day for the entire school term of nine months. For the army and navy \$2 will send it for a whole year and will follow where he orders it from time to time. . . . Tryon's softball teams which have been giving free performances all summer without any expense to the spectators need some money for the play off games to buy some new balls and to pay for a prize to the winning team. Anyone desiring to give something for this purpose may give it to R. E. Brantley, president of the league, or send it to the Bulletin office Spartanburg's new radio station is WORD and Asheville's new station is WISE. So when the Hub City broadcasts to Asheville it is a WORD to the WISE
