James Dawson to Speak

The Lanier Club is congratulating itself and the public on the prospect of hearing James Dawson, the news commentator who has become so popular in his excellent broadcasts over station WFBC. He will be the guest speaker at the first meeting of the season on Thursday, November 7th. His many listeners will be delighted to hear him in person.—C. P.

British Relief Work

Information from Great Britain states that the Women's Voluntary Service Corps, an organization of 800,000 British women headed by Lady Stella Reading has taken over the 96 mobile canteens given by the American Red Cross and is tirelessly rushing food to concentration points, and to firemen, police and air raid precaution workers. In spite of the fact that the American Red Cross has already sent more than 600,000 garments to Britain and will send more, hundreds of thousands of evacuee children, women and aged will be in desperate need of additional warm clothing this winter. Heated houses will be virtually non-existent. It is said that there is not enough glass in all of the British Isles to replace the broken windows in the London area alone. More canteens are needed to insure an adequate distribution of food. Lady Reading states that wherever mobile canteens are in service to homeless people and relief workers their efficiency is increased 100%. Whatever is done by Tryon people in the gift of a mobile canteen and in the furnishing of warm clothing to Britain will be a direct contribution to winning the war.
