Home economics trained people and America are called upon to render assistance in this time of great international need. It is necessary, therefore, to learn where persons having two years or more of college training home economics are located.

Miss Minnie Lee Garrison, home demonstration agent, who has been asked to serve as county chairman service committee, North Carolina Home Economics Association, has sent registration cards for emergency service to the home economics teachers in the County.

In order to obtain as complete a directory as possible Miss Garrison urges that others with home economics training—unemployed or employed—register for emergency service. A phone call or a card to her at the court house will bring you a registration card.

A number of Tryon high school football players saw the Wofford-Newberry game at Spartanburg on Thursday. Newberry won 46 to 6.
