

Navy Life on Pacific Isle

...Continued from Page Three... sport as they have two swell golf courses here. When luck is with me I shoot in the 70's and Ginger is doing quite well, considering she only started less than a year ago. Also been playing baseball and this year we have a cracker-jack of a team, only lost one game, been playing first base.

Ginger and some of the other Naval colony organized a couple of girls' softball teams, which turned out to be a great success.

We have a movie hall located in the enlisted men's service club, movie every night, also they have two civilian theatres and for other entertainment bridge games once a week, dances at various places, including moonlight dances at the beach pavillion—also swimming parties. We always find something to do when I'm not working. We both like Guam very much.

We hope to be back in Tryon in about ten months and as yet I have no idea where I will be transferred to for duty on our return to the States, but I'm hoping I'll be selected to attend the radio material school in Washington in preparation for chief radioman or warrant officer.

Sincerely,
Thos. E. Blackwell.

Carroll P. Rogers, Polk County representative in the State Assembly, was home from Raleigh for the weekend, and reports that the legislative work is going along nicely.
