Paul Whiteman In Asheville On Wednesday, 26th

There'll be a number of famous faces in Asheville this week—faces that have appeared in hundreds of newspapers time and again. Most of the faces of the world's foremost golfers. But not one of them will be more generally recognized than the full-moon physiognomy of a certain plump gentleman Paul Whiteman, the most famous band leader in the rag-to-jazz-to-swing-to jitter period, whose orchestra will play for the "Golf Ball" in the auditorium Wednesday evening.

What Bobby Jones was to golf, Paul Whiteman is to dance music. The only difference is that Whiteman is still going strong. He holds more records for dance engagements, radio appearances, concerts, tours, and phonograph records than any other maestro in the swing and sway business.

"Everything new but the Rhasody in Blue" is the Whiteman slogan this year. Featured among the 20 musicians he will bring to Asheville will be Ann Southerland the singer, Marianne the orchestra's No. 1 dance artist, Mike Pingatore, speedking of the banjo, and a number of others

FROM ENGLAND

Our Lady's Covent,

British War Relief Society, Inc.

Dear Friends:

We in "Great Britain" realize what an inestimable help you are being to us, and we want to express our sincere thanks and deep gratitude.

If you could see the people here, who find themselves so suddenly homeless, and with nothing save the clothes they stand up in, to whom your gifts mean so much, you would realize that an important part you are fulfilling.

Some of us who have managed to get into comparative safety before the raids began, sympathize with these people and appreciate most sincerely the efforts you are making to help them.

It is so encouraging to us to know that we have the support of the people of America. With this help, we shall not fail.

Yours sincerely and gratefully,
Norah Bloomfield.

Tea for All Wednesday
