HELP WANTED!

Earle W. Justice, manager, N. C. State Employment Office in Rutherfordton states that his office has the following openings and would like to have any persons meeting the requirements contact the office at once.

The job openings are as follows: Heating and ventilating draftsmen; electrical draftsmen; electrical engineers; mechanical engineers; sanitary engineers; topographical draftsmen; mechanical draftsmen; civil engineers; estimating; architectural engineers; civil engineers; water works; senior civil engineers; mechanical engineers; party chief, surveying; level man; steam fitter; mechanical draftsmen; mechanical engineer, heating and ventilating; cabinet maker; presser machine (dry cleaning); universal wood-working machine operators; sheet metal worker, foreman; linemen, experienced on "not-work"; electricians; sheet metal workers; auto and tractor mechanics, caterpillar equipment, etc.; refrigeration mechanics; refrigeration engineer; stove and furnace mechanic.

Those who can qualify by experienced training and education and who are available for work outside of this area are urged to contact Mr. Justice at once as these openings are urgent. In addition to the above jobs it is urgent that all persons who have had training in special skills or occupations and are not using their skill register with the Em-

ployment Office as soon as possible. Those who are now employed at jobs in which they use their skill are not asked to register at this time. The Employment office in Rutherfordton is located on West First Street and Intinerant Service is maintained at the following points: Monday at Cliffside, Henrietta and Carleen; Tuesday at Forest City at the City Hall; Thursday at Tryon in the old City Hall.
