LESS THAN \$25 NEEDED FOR POLK USO FUND

Polk County needs only \$25 to reach its goal of \$300 asked of the county by the United Service Organization in helping to raise the \$11,000,000 needed to supply the recreational needs of the men called in service to defend the nation. As little as ten cents will be accepted and recorded as a gift to the welfare of the soldiers and sailors. Thirteen counties in the State have already reached their quotas. Outside of Tryon township only one donation has come in from the county at large.
