POLK FARMERS WIN

A delegation of Polk County farmers attended the Farm Bureau meeting in Gastonia on Thursday and won the \$10.00 prize for farthest distance and number in attendance. This prize money will be used in promoting a strong farm organization among Polk County farmers in the near future.

Those attending the meeting were W. E. Elliott, J. M. Swain, L. B. Durham, Frank Jackson, J. H. Gibbs, all members of the Agricultural Advisory Board for Polk County and J. A. Wilson, County Agent.

At this meeting it was pointed out that all other groups are strongly organized and are profiting in many cases at the farmers' expense—and if the farmers are to survive in a time of high pressure groups must be organized to let the wishes and the needs of farm people be known wherever necessary.

At this meeting it was voted to start giving farmers an opportunity to organize themselves in the near future, probably during August. It is hoped that all farmers who are foresighted enough to see the absolute necessity of some kind of representation will join this organization. Those who desire may get information from one of the above men who attended the Gastonia meeting.

Mrs. Alfred Richardson of Columbia and Mr. and Mrs. Chas. H. Gerald of Charleston have returned home after a visit with Mr. and Mrs. Sam Vance at their home "The Log House."
