Dr. R. Eugene Dyer Home From South America

Bethesda, Maryland.
October 16th, 1941.

Dear Mr. Vining:

I have returned from Bolivia and I want to thank you for the copies of the Tryon Bulletin which you so kindly sent to me while I was out of the country.

I had a very interesting experience in Bolivia and encountered many things to which we are not accustomed in the States, and possibly I should add that I failed to encounter many other things to which we are accustomed. It was, on the whole, a very interesting and instructive trip, and from my point of view, I have reason to hope that our experimental work there will prove to be successful. I hope very much to get to Tryon sometime in the near future as there are many people there to whom I owe my thanks for their kindnesses at the time of my Mother's death.

With kindest personal regards,

Sincerely yours,

R. E. Dyer.
