TRYON GIRL SCOUTS CABIN IS DEDICATED

The Girl Scouts held a short impressive dedicatory ceremony in the new Scout cabin Wednesday afternoon at 3:30 in the presence of a number of parents and friends.

Julia Lankford carrying the American flag, led the opening march. Marion Bridgeman followed with the Girl Scout flag. When these were in position on either side of the spacious lowered fire place, the president, Maril Derby, carrying a lighted candle and followed by the dedication speaker, Cynthia Brand, took places in front of the fire place. Other members carrying fagots marched in order laying these for the lighting of the first fire repeating as they placed them, one of the ten laws, the promise, motto and slogan.

When all had formed a circle the president lighted the fire with the following appropriate words: "We have come together in this our cabin that we may more fully realize how grateful we should be to the friends who have made a long cherished dream come true. To those friends present and absent we pledge with true Scout loyalty our devotion to duty and the principles symbolized by the fagots that we cast into this fire." Cynthia Brand expressed these further words of appreciation: "The Scouts have dreamed of a cabin of their own for many years where they could have their meetings and parties. At last this dream has come true. We want to thank our many friends from Florida, South Carolina, New York

NAVY DAY, MONDAY, OCTOBER 27th

Next Monday, October 27th, will be Navy Day and in view of the unsettled and dangerous conditions existing throughout the world, a special effort will be made this year to maintain and increase the interest of all Americans in Our Navy.

It is hoped that all schools in Polk County will mark the day with the usual Salute to the Flag, patriotic songs, and at least a brief statement to the pupils of the reasons for observing this date. In our high schools, several brief papers are being prepared from the voluminous material sent out by the Navy League from Washington, which may be read in school assemblies by selected students, and material for an introductory statement by the school principal or presiding officer also has been provided. It is hoped that every public high school in the County will observe the day with a special School Assembly and it is suggested that if any of them are not in session then, the observance should not be omitted but merely postponed to the first available date.

The Commercial class at the Tryon high school is typing the above mentioned articles so that each high school may have its copies. The Superintendents of the Polk County School District and the Tryon-Saluda District are giving their hearty cooperation to this observance.

All citizens and all organizations in the county, having American flags, are urged to fly them
