

# WURLITZER Piano

WURLITZER . . . . For over 200 years  
a great name among master builders of  
musical instruments!

Ted Weems, famous pianist and orches-  
tra conductor, says:

"No piano I know of ever created such  
a sensation! Its tone is beautiful! When  
I first heard the new Wurlitzer Spinette,  
I thought I was listening to a Grand!"

A contributing factor of the Wurlitzer  
Spinette's superb tone is the new patent-  
ed augmented pentagonal sounding board.
