Community Sing Popular

The large crowd that turned out for the Community Sing on Christmas Eve was testimony of the desire on the part of the people to join in the spirit of Christmas and getting together for unity of fellowship. The living tree in the park was attractively decorated with colored electric lights. The local Negro choir, white high school students and the assembly in general joined in the singing of Christmas carols, America, God Bless America, and other songs. Edwin Beach of the Tryon high school was the director, assisted by C. J. Lynch, Mrs. Vincent MacKenzie and others. Plans are already being discussed for a bigger event next year.
