## CURB REPORTER

The weather is the first topic of conversation today. It dropped to cold weather for Tryon. On Shaw Hill at the Whittlesey's at 7 o'clock it was 22; at Dr. Smith's in Gillette Woods at 8 o'clock it was 23. The sun is shining bright this morning and indications point to warmer weather soon. Chicago had a low of -14 (below) yesterday; Buffalo -3. Asheville is covered with snow and ice. We are thankful of the 1,000 feet drop in elevation and for the protecting crescent range of mountains 3,000 feet high. Creasman reported yesterday a high of 38 and a low of 25. The warmest it got in Chicago was -3, making a difference of 41 degrees in the high and 39 degrees in the low.
