**"FROM HOLLYWOOD"**

Philo Higley sends the following from "The Hollywood Reporter":

"Paramount will produce 'Channel Port,' another story of the Commanders, in England with either Laurence Olivier or David Niven in the lead. Olivier is with the Navy, and Niven with the Army, so official permission would have to be obtained, plus loan-out agreements with Goldwyn for Niven. Decision to shoot the picture at its actual English locales was made at conference here between studio execs and David Rose, Paramount's managing director for Great Britain."

Have you tried that Delicious
