COMMUNICATIONS

At the annual meeting of the Trustees of St. Luke's Hospital, the resignation of Miss Edna Calvert was accepted. Mrs. Sophie Packer of Johns Hopkins Hospital, Baltimore, Maryland, was engaged as Superintendent to fill the position.

Mrs. Packer comes to St. Lukes from Johns Hopkins Hospital where she has had charge of the Out-Patient Department. In this position she had supervision of 20 nurses and an average of 1,000 patients per day. She has had charge of this department for the past five years.

Prior to that time she was with a 50 bed hospital in Farmville, Va., and while there organized the public health service in connection with the hospital.

On her graduation from Johns Hopkins Hospital she with two other nurses was selected to organize and equip the Rockefeller Foundation Hospital in Peking, China. After serving in this capacity for three years she returned to this country and continued the same character of work.

Mrs. Packer comes to us very highly recommended by Miss Hester K. Frederick, formerly assistant superintendent of nurses of Johns Hopkins Hospital and now in charge of organizing nurses throughout Maryland for Civilian Defense. Also by Miss Anna D. Wolf, superintendent of nurses of Johns Hopkins Hospital with whom she has been working and with whom she worked in China, and by Miss Mary Beard, head of the Red Cross Nursing service.
