### Victory Books Shipped

The Tryon Committee for Victory Book campaign announces with much pride that 800 volumes have been shipped from here to the nearest regional center. Those who gave these books made excellent selections. The subjects included History, Biography, Religion, Poetry, Fiction and Technical matter. The non fiction outnumbered the fiction.

If there are gifts of 200 volumes this week the handsome total of 1,000 will be reached.

Will you have those books, which you want to give, at the Book shop within the next few days?

Think of all the men in Camps. How they'd like a good new book!

Miss Claudia Helms spent the weekend as the guest of Miss Betty Lee Andrews at the Greenville Woman's college at Furman university.
