How Will Funds and Supplies Reach China?

In response to several inquiries, I should like to state that relief funds and supplies will reach China despite the closing of the Rangoon sea and air route to the Burma Road. All funds will be transmitted in the form of bank credits cabled to Chungking through New York branches of the Bank of China and the Central Bank of China. Should cable communications be cut off, credits will be sent via radio. Shipments of medical supplies and other relief goods will move into China overland through India; by steamer to the Indian seaports of Calcutta and Chittatong, and transhipped into Free China over one of two alternative rail, water and truck routes now linking India and Free China. Relief freight will also be flown from Calcutta to Chungking by air shuttle over the last lap of the new 14,000-mile air route developed between United States and China via South America and Africa. All those who are giving aid to China can be confident that their contributions will reach their destiny without serious delay.

Mrs. H. B. Vanderhoef,
Chairman, United China Relief.

The April meeting of the Tryon Garden club will be held at the home of Mrs. Geo. Canfield next Wednesday, April 22nd, at 3:30. The program will consist of colored slides of the gardens of Miss Ellen Holt both in Lake Forest and Tryon, and shown by her friend, Miss Elizabeth Webster. Also slides will be shown by Mrs. Ralph Erskine of her recent trip to California.
