TRYON, N. C., WED., APRIL 22, 1942

Plans for Fourth Registration

The following registration places will be available for registrants in the fourth registration on April 27th. These places will be open from 7 a. m., to 9 a. m. All born on or after April 28, 1917, and on or before February 16, 1897, are required to register.

Green's Creek Township: S. L. Fagan, chief registrar, and assistants will conduct the registration in the school house.

Cooper's Gap Township: Vernon Wilson, chief registrar, and assistants will conduct the registration in Wilson's store.

White Oak Township: J. H. Gibbs, chief registrar, and assistants will conduct the registration in the school house.

Columbus Township: R. S. McFarland, chief registrar, and assistants will conduct the registration in the Court House.

Saluda Township: Roy Baisden, chief registrar, and assistants will conduct the registration in the school house.

Tryon Township: Mrs. Helen Athard, chief registrar, and assistants will conduct the registration in the office of the Polk County Local Board in Jackson's store, Tryon.

Sheriff W. D. Hines and his assistants will take care of those confined on account of illness in the homes, hospitals and institutions.

Julian B. Hester, Chairman,
Polk County Local Board No. 1.

Merchants Meet Friday

Tryon Merchants association will hold a supper meeting Friday night at 7:30 at Sunnydale. R. E. Brantley is president. Reservations may be telephoned to No. 37.

To Modernize and Refinance Loans, Says Local Officer

M. R. McCown, secretary-treasurer of the Tryon Federal Savings and Loan Association, who attended a recent meeting of the North Carolina Building and Loan League at Raleigh, says the League plans for their annual convention to be held at Blowing Rock, June 16 to 18, to consider building problems in relation to war. Mr. McCown who is a member of the Legislative committee of the League, states that defense priorities are reducing the possibility of new building, and that building and loan efforts are being directed toward modernizing and refinancing loans. There are 155,000 shareholders, with \$121,000,000 invested in the 176 associations of the state. F. P. Bacon is president and W. S. Green, vice-president of the Tryon association.

NEXT TO TELEVISION

Someday television sets will be in Tryon and maybe the housewives will be able to "tune in" and see what local merchants carry in stock: the new vegetables and fruits just arrived, and the clothing and shoes and furniture and thousands of things sold in stores; but until that time comes, many housekeepers will depend upon the Bulletin to keep them informed on the new things sold in Tryon stores. With tire rationing getting harder all the time there will be less traveling and more dependence upon the Bulletin. If you have something to sell that will be of benefit to the customer, telephone the Bulletin today. It is the cheapest way and gets quickest results.
