COMMUNICATIONS

Glenmora, La. May 5, 1942.

Dear Mr. Vining:

I appreciate the copies of The Bulletin which I have been able to receive. The news of the Tryon people have been interesting to me.

However, due to the fact that I shall be moving for months to come rather fast, and never being able to know just when or where, I think it best to discontinue the subscription. On May 16, I must be in Washington, from there perhaps back here or perhaps somewhere else.

This one thing I do wish you would print in your column, because I am sure it will be of interest to many Tryon people. I count it a modern miracle that in all the Army camps and Forts, in all the Divisions, etc., of Army routine, Tom Greene would come to Camp Claiborne, be in the same Division, the same Infantry with

Our companies, however are different. And to quote Tom's own words to show that it is the same Tom Tryon knew: (from the letter received May 5): "If you are here, let me know if it is all right for me to go to see you or you come by here. I'll not forget that I am a private and you are an officer if you come by to see me."

Enclosed is the payment. Thank you for all past courtesies, and I wish for you continued success in your business. Tryon is a most wonderful place to live in, and to be from.

George M. Schreyer,
1st Lieutenant, Inf.
