

ENTERED AS SECOND-CLASS MATTER AUGUST 20, 1928, AT THE POSTOFFICE
AT TRYON, N. C. UNDER THE ACT OF CONGRESS, MARCH 3, 1879

THE TRYON DAILY BULLETIN

The World's Smallest Daily Newspaper, Seth M. Vining, Editor.

Vol. 15. Est. 1-31-28

TRYON, N. C., THURSDAY, JUNE 4, 1942

Tryon In the Lead

In realizing a sum that represented over sixteen times the quota allotted it, Tryon achieved the distinction of heading the list of all communities throughout the country whose quota was oversubscribed. The following letter to Mrs. Harman B. Vanderhoef will be of interest to all those who contributed to United China Relief:

"Dear Mrs. Vanderhoef:

"This will acknowledge your letter of May 21st to Mr. W. R. Herod, president, United China Relief, Inc.

"You will be interested to know that in obtaining 643.9% of your quota, you and your committee have done the No. 1 job in the United States in respect to oversubscribing your quota. You will be sent a True Friend of China certificate as a token of your appreciation.

"We wish again to thank you and your committee on behalf of our entire staff and our Chinese allies for the splendid work you have done in Tryon.

"Bayard M. Hedrick,
"Campaign Director."

HELMS AT ROTARY

M. R. McCown will have charge of the Tryon Rotary club program on Friday at 1 p. m., at Sunnydale. Town Manager C. H. Helms, who attended the Civilian Defense meeting in Asheville which was addressed by Dr. Albert Coates of the Institute of Government, will give a talk on the results of the meeting.

Extra copies of the Bulletin on sale at the office 5c each.

CURB REPORTER

The weather on Wednesday was 59 low and 90 high, good old hot weather for swimming and crop growing But think of that nice cool 59 low to sleep in See from one of our New York reporters that Louis A. Ritz is spending a month or more at the New Weston hotel Marvin Geddings, Duke Power Co., agricultural engineer, gave an interesting talk at the Tryon Kiwanis club Tuesday and showed the value of electricity to the farmer, how it is making life on the farm easier, happier and more profitable. He said that a farmer doing work by hand that could be done by electricity is working for less than a cent an hour One of the cleverest announcements ever received in Tryon is that from Mr. and Mrs. Harry Marsh who announce their moving from 707 Greenwood, Wilmette, Ill., to Howard Gap Road, Tryon, North Carolina, after June 15th. As you open the folder paper doll cut out figures of the Marshes and their mother are shown on the left closing the door at Wilmette and with baggage in hand are following an arrow pointing to a photo of the Windsor-Griggs-Mitchell house they bought here Additional USO contributors have been reported from Postmaster W. G. Egerton and Miss Lillian Heriott
