Second Primary June 27th

Chairman Baisden of the Polk County Election Board has announced that a second Democratic primary will be held Saturday, June 27th, to decide the Democratic nomination for sheriff of Polk County.

In the first primary W. D. Hines received 1,018 and W. Y. Wilkins 795; the low man, Hague Kiser, received 496. If all the Hines and Wilkins supporters vote the same way again Hines will have 223 votes more than Wilkins and the battle will be made to see how the 496 Kiser supporters will vote. Granting that everybody votes the same, Wilkins will have to get nearly three-fourths of the Kiser vote to win (1,167 to 1,142). If Hines can hold his own and get just one-third of the Kiser votes, he will win (1,183 to 1,126).
