IMPORTANT CHANGE IN GAS RATIONING

The following telegram has been received by the Polk County Rationing Board:

Effective Midnight, June 14th, the value per unit gasoline ration card increased to six (6) gallons. Present emergency plan will continue and cards now in use will be valid until July 15th, when permanent gasoline coupon plan becomes effective. Registration dates and details for permanent plans will be announced at a later date.

"Guy W. Rawls,
"Office of Price Administration."

Here Are A Few Ways To "S-t-r-e-t-c-h" Your Sugar For Canning

Add a small amount of sugar to the fruit's own juices, instead of making the usual sugar sirup. Fruits naturally contain a great deal of water, and you can make best use of your sugar by sweetening this rather than by adding more water in the form of a sirup.

Heat the slightly sweetened fruit carefully in a saucepan. This draws out the juices, shrinks the fruit, and drives out the air, making it possible to pack generous amounts of fruits in each jar. There should be enough juice to cover the fruit completely.

Honey may be used to replace up to one-half the sugar called for in canning, and corn sirup up to one-third.

Fruit juices are not provided for in sugar rationing allowances, but they may be bottled or put up in jars with little or no sugar.

FLAGS AT ROTARY

At today's luncheon of the Rotary club of Tryon there was a showing of a complete set of the flags of our allies, made by Tryon women as a gift to the town. Chas. J. Lynch, chairman of our Civilian Defense committee, added a beautiful Stars and Stripes to the collection which he accepted on behalf of Tryon.

President Roosevelt recently asked for a nation-wide display of our flag on Flag Day, June 14th, together with the flags of our allies wherever possible, and Tryon is now one of the first—perhaps the actual first—of American communities, large or small, to possess a complete set. It will be shown on Flag Day, on Trade street, and at Future exercises by patriotic groups, white or colored, on holidays, at celebrations, etc.

The complicated work of enlarging these flags to scale from small colored prints, matching the colors, and sewing them together partly by hand and partly by machine, has been a community effort of Tryon women as a patriotic undertaking. It is thought that many other American communities may be glad to follow Tryon's example in this matter.

Appropriate music for the occasion was provided by the club's Music committee.

Mr. Lynch's remarks in accepting the collection, completed the exercises.—Contributed.

SOFTBALL NEWS

The Bushwhackers defeated the Tryon Players 19 to 8 Thursday at Adams-Millis park. Today the Bushwhackers will meet Soumerco at 6:30 p. m.
