DOGS FOR DEFENCE

Do you have a pure-bred dog of any breed, except St. Bernard or Fox Terrier, either sex that is one year old and not over two years old that you would give the government to be trained for watch and guard dogs? If so, please get in touch with E. F. Nanney. He will arrange to get it shipped.

A good guard dog will take the place of six men and probably save many lives. General Gregory wants 2,500 in training by the end of the year, followed by 5,000. Russia has 50,000 attached to their army.

I would like to sign up your dog if it will meet the requirements and then I will write Dogs For Defense, 22 East 60th St., New York City. These dogs get one and one-half hours work each day until they are trained, which is around two weeks. These dogs become the property of the government and after the war will be kept to raise from.

You can help in winning the war in many ways: (a) give a dog; (b) your service as a trainer, or (c) money, if you care to write Dogs For Defense, Inc., 22 E. 60th Street, New York City.

Now let's give a good dog to the service if we can't go ourselves. Requirements: The dog must be a purebred of his kind, no papers required; must be sound healthy; between the age of one and three years; vaccinated against rabies; shaped up for a trip; then shipped to different places for training for his special duty.

I have one fine dog to give the service and I would like to ship several. I feel that we have many good dogs that would mean a world of good service in the army.

Elbert Nanney.
