POLK COUNTY EXCEEDS BOND QUOTA

The Secretary of the Treasury asked Polk County citizens to loan the government \$28,700 to help win the war. The people responded by purchasing \$35,654.25 worth of War Bonds and Stamps during the month of July. The government will pay interest on this money and when the bonds become due they will be worth \$11,000 more than they are now, about \$46,000. That is the easy way to help win the war. Uncle Sam is now asking the county citizens to buy \$18,000 worth of bonds during the month of August. What will be our response? It gives all of us a chance to have a part in the war and at the same time save money at interest that we will need after the war.

Mrs. Hedekin, Officer Candidate

Mrs. David (Helen Y.) Hedekin who has been conducting a riding school in Tryon the past several winters has volunteered for the Woman's Auxiliary Army Corps, and has been accepted as an officer candidate. She is now in training with Co. 2, 1st regiment W. A. A. C. Training Regt., Fort Des Moines, Iowa. She has been getting her Bulletin in Atlanta, Ga., this summer and writes to have it changed to Des Moines. She says: "... and while they are keeping me more than busy I think I will still have time to take a look at the Bulletin." Mrs. Hedekin is the widow of the late Captain David D. Hedekin of Fort Oglethorpe, Ga.
