Tryon, N. C.

Dear Sir:

Your newspaper is the talk of the Medical Detachment, Station Hospital, Camp Davis, N. C., due to the efforts and loyalty of 1st Sgt. John R. Constance, one of your home town boys.

It seems that we all look forward to reading your paper just eagerly as does 1st Sgt. Constance.

It's come to the point, sir, where we would like to have a few lines written about him in your paper, more or less as a surprise to him and to let his friends know about his fine work here in the Station Hospital.

1st Sgt. Constance has been in the United States Army for over four (4) years and has demonstrated his ability as a leader and advisor here in the Medical Detachment.

We look forward to having him promoted to Master Sergeant in the near future and hate to see the day we have to lose him as our 1st Sergeant.

We would appreciate a few lines about him and hope you will be able to help us in this matter.

Thanking you very much,

John G. Goumas,

And the EM of the Medical Detachment, Station Hospital, Camp Davis, N. C.

Extra copies of the Bulletin on sale at the office 5c each.

BLACKOUT TONIGHT

Sometime tonight between 9 and 11 o'clock the U. S. Army will call for a complete blackout of everything except trains, interstate buses and defense plants. The blackout is expected to last 30 minutes. The order is expected to come at 9:50 and last until 10:30, but no one is sure. Air Raid Warden W. W. Creasman says for everyone to be on guard and be ready to put out lights as soon as the siren is heard and keep lights out until the all clear. The Asheville radio station will remain on the air to carry out the blackout warning and the all-clear signal. So tune in and be prepared in case you can't hear the Tryon siren.

AIR RAID WARDENS

The following are the air raid wardens sworn in by Mayor E. E. Missildine Thursday evening, August 6th, to serve for the duration of the war.
