BRING SCRAP METAL; SAVE SOLDIERS' LIVES!

Our country must have scrap metals and other materials for its war effort and our county must help out.

Some scrap has already been contributed but much remains to be done and it is a *personal* obligation of every citizen of the county to join in the campaign that is under way now.

This material is needed *immediately* and is needed vitally. The plants that make the machines for war cannot function without it and *no patriotic citizen can be lax in doing his part!*

Materials needed are:

Scrap iron and steel, other metals of all kinds, old rubber, burlap bags, and waste cooking fats.

The most important thing to do now is to notify *F. P. Bacon of Tryon*, giving approximate amount and location. Plans will be worked out immediately for collection of the scrap but the information should come first. A post card may be used or telephone a personal message. But notify *F. P. Bacon* or *C. H. Helms*.

MRS. AUGUSTA KRONIG

Funeral services for Mrs. Augusta Kronig, who died Thursday in New York City, were held at 4 o'clock Sunday afternoon at the Tryon cemetery, with Father Florian officiating. Mrs. Kronig and her husband, the late Theodore Kronig, had been winter residents of Tryon many years. Her husband died in Tryon two years ago. They were natives of Austria. Survivors include a son, Harold Delair Kronig of New York City.
