SOFTBALL FINALS BEGIN TODAY

In one of the closest hard-fought softball elimination contests ever held in Tryon the Bushwhackers and Soumerco will face each other in a two-out-of-three game series for the local championship today at 6:30 at Adams-Millis park.

In the elimination contests Tryon Players were first to drop out at the hands of Bushwhackers and Soumerco, both having already lost thrilling games to the Adams-Millis team. But Soumerco came back to beat Adams-Millis by a close score and to stay in the race for another chance at the championship. Then the Bushwhackers made a come-back Tuesday to defeat Adams-Millis in a tight well-played game by a 4 to 3 score. Now the battle is between Soumerco and Bushwhackers for the next two or three days. President Tom Costa says that he is eager for everyone to have a good time and enjoy the sport which has entertained so many people this summer.
