Weather Saturday: High 47, low 32; Sunday, high 60; low 27. . . . Now that the politicians in power have decided to get rid of Nelson Jackson, Jr., as a member of the Tryon School Board, it will not be out of place to say something good about him. Mr. Jackson is not in competition commercially or politically with any other individual in Polk County. By hard work and concentration he has made a great success of his business which is national in scope. It brings to Tryon and Polk County a lot of revenue. Mr. Jackson had no political ambitions. But in his civic activities he put the same hard work, concentration and enthusiasm that he put into his business. He works as hard without salary for public welfare as he does to make a living. Such men are scarce, and it is unfortunate that the politicians saw fit to remove a man who has had his heart and soul wrapped up in the betterment of the Tryon school. The bills as reported from Raleigh are as follows:

HB 151—Introduced by McDonald, January 26:

"To authorize and empower the commissioners of the Town of Tryon to locate and determine the street line along Trade street and the street leading to Godshaw Hill, in the Town of Tryon, in front of the property of W. B. Hodges, known as the Gulf Filling Station property, and to quitclaim title to any part of said property beyond the street line as so determined." (As title indicates). Sent to Committee on Counties, Cities and Towns, January 26.

HB 188—Introduced by McDonald, January 27:

"To appoint trustees of the Tryon-Saluda administrative school unit." (K. A. Bowen, James Lankford, R. E. Brantley, Mae Irene
