CALL FOR HELP!

Our sudden strikes in stress of
war

Are national disgrace!

They are the sort of "liberty
That do not "save our face."
'Twas just that same highhand-
edness

That Russia had to fight,
Before she turned to what she is—
And put it all to flight.

And, by the way, how would it be
To send an invitation
To Stalin, to come over here

And run our striking nation?
He knows the human race by now,
And found them much alike;
If he can down the highest heads,
He might put down a strike.
