ADDED CURB. . . . Tryon things are moving all over the world. Tryon's most famous horse, Greyboy, owned by Ralph C. Erskine, has received world wide attention. When Mr. Erskine was a candidate for the legislature he had his picture taken beside Greyboy and used the resulting product on a printed campaign card which was mailed all over Polk County and other places. One of them was sent to Lee Cowan at Neenah, Wis. He gave it to W. A. Webster, who sent it to his son, Geo. Webster with the Armed Forces in India and he sent it back to America to his wife, Mrs. Emily Foster Webster in Tryon. Another report comes in that Pvt. Matt O'Shields of Tryon bought some socks recently in India and the label said made by Adams-Millis, and that gave him a thrill. . . .
