Rev. B. G. Henry:

On behalf of St. Luke's Hospital's Board of Directors and all who have the interest of our hospital at heart, I wish you would thank the Union Thanksgiving Service of Tryon church for its generous contribution. We deeply appreciate it.

The checks you gave me this morning were the proceeds of the offering taken up at the Thanksgiving service and they amounted to \$120.06. That is, and will be, a great gift for our community hospital and each dollar will be put to worthy use.

Russell S. Walcott,
Treasurer.

To the Members of Tryon's Home Friendly Club—who have more than justified our pride and confidence in our Home Town and its citizens.

Long after war has passed—we, who were away will remember, perhaps with a pardonable lump in our throats, your part in making our absence alive with the memories of our home and our people through your regular letters.

Our thanks and our best wishes will be yours—always.
