

HOUSER ON FSA

The appointment of James L. Houser as a member of the Polk County Farm Security Administration Committee has been announced by Geo. W. Smith, FSA supervisor. Mr. Houser lives on the Green River plantation in Polk County. He succeeds Jesse M. Horne as FSA committeeman, whose term expired on July 1, 1945. The other members of the committee who will continue on their unexpired terms are Wm. J. Holbert, Charlie B. Stockton and Grover C. Thompson. Mr. Thompson was appointed in the spring and meets with the other three committeemen when applications for G. I. Loans are to be considered.

The FSA committee functions in an advisory capacity on all applicants and certifies all loans. The committee in many cases also assists in advising borrowers and in teaching better farming methods.

Mr. Smith states that Congress has appropriated \$50,000,000 to be used for Tenant Purchase loans under the Bankhead-Jones Tenant Purchase Act. \$25,000,000 of this amount was earmarked by Congress to be used for making of loans to returning veterans with which to purchase farms.

Loans are made to qualified applicants who cannot obtain adequate financing elsewhere with which to purchase farms, stock and tools, fertilizer, seed, feed and family living expenses necessary to carry the farm and home plan that is developed. Loans are also made to low-income farmers for the purpose of purchasing tractors and other equipment that can be used jointly on two or more farms. Mr. Smith states that applications for loans may be made at any time at the local FSA office in Columbus or to any of the committeemen.

(Paid Colored Notice)
