### "A Stone's Throw from Tokyo"

4 Aug. 45.

I believe a record has been set in the time required for your paper to arrive this far overseas. Today I received the 23 July copy of The Bulletin. It might interest you to know that I also received letters sent air mail dated 25 July from good ole Tryon. The Bulletin has given me many pleasant visits from home. I would be lost without it.

There isn't much news to write from here. I arrived here "D-Day" and have experienced a lot of things that make better memories than conversation. The outlook is bright. I've seen enough of what the Army, Navy and Marines (get my commercial in) can dish out on the sea, land and in the air, to know that the end is in sight. It has all been made possible by every American from every village and city being just that—an American. We appreciate your preserving the things we grew to love and appreciate and look forward toward that day when we are home again.

Mr. Curb Reporter, give my regards to the many, many friends on Trade Street. Hope to see you soon.

Sincerely,  
1st Lt. Keith A. Arledge,  
U. S. M. C. R.
