

## SALUDA NEWS NOTES

There will be a benefit bridge party for the Woman's Auxiliary of the Episcopal Church on Monday afternoon, August 20th, in the residence of Mrs. Barrington King, at 4:30 o'clock.

Town folk found themselves without city water for awhile last week. A driver with a truck carrying a load of peaches—a big 48 truck—crashed into a fire hydrant in front of Roy Johnson's house, dislocating the hydrant and releasing a flood of water. The driver had fallen asleep and was awakened by the crash and the sound of rushing water. None of the peaches was saved, and it took several hours to repair the hydrant. The truck belonged to James Bell of Kentucky.

The bridge over the railroad was blocked off for repairs last week and reminded folks of the old days when we crossed the track on the level just below the depot.
