

## KIWANIS GROWING

C. P. Rogers had charge of the Tryon Kiwanis Club program on Tuesday and introduced Dr. E. J. Coltrane, president of Brevard College, who is the lieutenant governor of division one of the Carolinas Kiwanis district. Dr. Coltrane gave a outline of the growth in membership and in the number of clubs throughout Kiwanis International which now includes Alaska and Hawaii. He emphasized the need for more Kiwanis Education which stresses the development of those spiritual values which make for happiness, better homes and better communities, and he pictured the unhappiness of the man who did not have time to do civic welfare work, and who spent most of his time in selfish pursuits. He stated that the usefulness of Kiwanis in making men happier and in building a better nation is growing rapidly.
