The Bulletin:

I am a Northerner and a Republican, but I take my voting very seriously, and I intend to vote for Mr. Bulwinkle and Sheriff W. D. Hines. I have kept track of our Washington congressman's voting record and it is excellent. All the name calling in the world won't alter that.

As for Sheriff Hines, my knowledge of him is personal. I live out in Tryon's Hunting Country and have had personal experience of his efficiency and courtesy. Once, when there was a murder at Mrs. Tracy's place opposite ours, Mr. Hines was out here within twenty-minutes after being called, though it was past midnight. Twice when Sunday drunken drivers came into Mrs. Felicia Calhoun's place Mr. Hines arrived and sent them away without any trouble to us.

When Mrs. Calhoun was killed and I was injured in a motor accident two years ago, nothing could have exceeded the sheriff's

kindness and consideration. We have come to regard him as an old and valued friend, and a real asset to our community.

It is men of his type that make Tryon what it is.

Sincerely yours,

Eleanor Trowbridge.

(Mrs. J. R. Trowbridge).
